EVALUATION CRITERIA

An evaluation process will be used in the selection of the Consultants. The criteria to be used by DOTD in evaluating responses for the selection of a consultant to perform these services are:

1. **Consultant's firm experience:**

weighting factor of 4.
3. **Consultant's firm size as related to the project magnitude: ***

All Consultants will be evaluated as indicated in Items 1-6. The evaluation will be by means of a point-based rating system. Each of the above criteria will receive a rating on a scale of 0-4. The rating will then be multiplied by the corresponding weighting factor.

Evaluation will be based upon the information provided in the Consultant's SF 23-116 submittal. If during the course of the evaluation the Project Evaluation Team has questions or requires clarification of the information provided, the Project Evaluation Team may send request to the Consultant for additional information through the Assistant Real Estate Administrator, Support Services.

The Consultants will receive a rating of 0 on any of the individual evaluation criterion for failing to meet the stated objectives/requirements and demonstrate an understanding of the goals and objectives of the Project. There are excessive and significant weaknesses.

Once each DOTD Project Evaluation Team member completes evaluations for all factors, the scores will be averaged to arrive at a final score. The corresponding value will then be multiplied by the item's weight then totaled for that Project Manager/Team.
