Contract No. 4400004383

Retainer Contract for Tunnel Inspection and Repair/Rehabilitation Plans Preparation
Statewide

Q1. Does the DOTD list Consultants (engineers) by their qualifications? If so, is there a qualification for tunnel design?

A1. Tunnel design is not a requirement.

Q2. Can high def scanning for DOTD Survey Section be considered?

A2. The types of NDT to be used during the inspections were not specified. The firm putting in for the contract will decide what types of scanning should be used.
