JANUARY 11, 2013**

**STATE PROJECT NO. H.004932.5
F.A.P. NO. H004932
INTERCHANGE FOR US 90 AND LA 318
ROUTE US 90
ST. MARY PARISH**

Under Authority granted by Title 48 of Louisiana Revised Statutes, the Louisiana Department of Transportation and Development (DOTD) hereby issues a Request for Qualification Statements (RFQ) on DOTD Form 24-102 (24-102), "Professional Engineering and Related Services", revised November 2011, from Consulting Firms (Consultant) to provide engineering and related services. **All requirements of Louisiana Professional Engineering and Land Surveying (LAPELS) Board must be met at the time of submittal.** One Prime-Consultant/Sub-Consultant(s) will be selected for this Contract.

Project Manager – Mr. Stanley Ard

All inquiries concerning this advertisement should be sent in writing to Alan.Dale@LA.gov.

PROJECT DESCRIPTION

The selected Consultant will provide Stage 3 topographic surveying services in preparation of an interchange at US 90 and LA 318 in St. Mary Parish.

SCOPE OF SERVICES

The services to be rendered for this Project shall consist of the following Stage and Parts:

- Stage 3: Design
 - Part I: Surveying Services
 - (a) Topographic Survey

This project is located in St. Mary Parish Southeast of Jeanerette, Louisiana. The project is a proposed Interchange located along US Highway 90 at the intersection of Louisiana Highway 318. A Topographic Survey will be required along a portion of the Existing Routes of US Highway 90 and Louisiana Highway 318 and the proposed location of the interchange. A complete Topographic survey including all utilities with depths and all drainage is required. Along with Finish floor elevations of all buildings that fall in the survey limits. This project shall be completed in accordance with the Location and Survey Manual and all current accepted Location and Survey Automation procedures.

The survey will begin at the Intersection of US Highway 90 and LA Highway 318. (This intersection will be referred to as the Point of Beginning in this scope) From this Point of

Beginning the survey will proceed in a northerly direction along LA Highway 318 for approximately 3000 feet. The width of the Survey and DTM will vary along this entire route, but will be 100 feet East and West of the Existing Alignment on the northern portion. (See attached sketch) From the above Point of Beginning the survey will proceed in a southerly direction along Louisiana Highway 318 for approximately 3000 feet. The width of the Survey and DTM will vary along this entire route, but will be 100 feet East and West of the Existing Alignment on the southern portion. (See attached sketch). From above Point of Beginning the survey will proceed in an easterly direction along US Highway 90 for approximately 3500 feet. The width of the Survey and DTM will vary along this entire route, but will be 750 feet North and South of the Existing Alignment on the eastern portion. (See attached sketch) From above Point of Beginning the survey will proceed in a westerly direction along US Highway 90 for approximately 6300 feet. The width of the Survey and DTM will vary along this entire route, but will be 450 feet North and 250 feet to the South of the Existing Alignment on the western portion. (See attached sketch)

Also included in the attached sketch is a list of State Plane coordinates, (NAD 83) Louisiana South zone (1702) to assist in defining the required topography limits. The required distance requested on the sketch is the controlling factor; these coordinates are for the purpose to assist in defining these limits.

An existing drainage map will be required. Please refer to the Location and Survey Manual for detailed instructions of what is required for the drainage map.

Permission of land owners shall be acquired by the consultant before entering any property associated with this description.

The project alignments shall be established using the existing centerline of roads.

ELECTRONIC DELIVERABLES

The Consultant hereby agrees to produce electronic deliverables in conformance with the “DOTD Software and Deliverable Standards for Electronic Plans” as outlined at:

http://www.dotd.louisiana.gov/highways/project_devel/design/electronic_standards_disclaimer.asp.

The Consultant shall download and apply the latest CADD standards. The Consultant hereby agrees to install incremental updates to software and CADD standards as instructed by the Project Manager. Such updates will not have a significant impact on the development time or delivery date for project plans, or require the Consultant to purchase additional software.

In the event that any electronic standard conflicts with written documentation, including the La. DOTD plan-development manuals, the electronic standard typically governs. The Consultant is responsible for contacting the Project Manager should questions arise.

Plan deliveries shall be made on CD or DVD media and labeled with media-compatible indelible ink on separate lines as follows:

State Project Number
“Final Plans Submittal”, “60% ACP Submittal” (or other milestone)
“Electronic Deliverables”
Consultant Firm Name

The CD/DVD shall be delivered with a signed cover letter that includes, among the formalities, a deliverable “hash” code that is documented in a report generated by the Control CADD Indexer Submittal tool. The hash code is used to verify that the CD is authentic. At any stage of the plan development process, the Project Manager may require plan delivery by other methods including, but not limited to, upload to the DOTD Project Wise repository.

QUALITY CONTROL/QUALITY ASSURANCE

The DOTD requires the Consultant to develop a Quality Control/Quality Assurance program; in order to provide a mechanism by which all contracted services can be subject to a systematic and consistent review. Consultants must ensure quality and adhere to established design policies, procedures, standards, and guidelines in the preparation and review of all design products. The DOTD shall provide limited input and technical assistance to the Consultant.

CONTRACT TIME

The Consultant shall proceed with the services specified herein after the execution of this Contract and upon written Notice-to-Proceed (NTP) from the DOTD and shall be completed within **210 calendar days**, which includes review time. The delivery schedule for all project deliverables shall be established by the Project Manager.

COMPENSATION

The total compensation to the Consultant for all services rendered in connection with this Contract is estimated compensation of **\$594,794**.

MINIMUM PERSONNEL REQUIREMENTS

The following requirements must be met by the Prime-Consultant at the time of submittal:

1. At least one of the Principals of the firm shall be a Professional Land Surveyor or a Professional Engineer, registered in the State of Louisiana.
2. At least one principal or responsible member of the firm shall have had a minimum of three years experience in conducting topographic surveys for the DOTD, with a corresponding support staff.

Training Certifications/Certifications of Compliance must be submitted with and made part of the Consultants DOTD Form 24-102 for all Personnel Requirements listed herein.

EVALUATION CRITERIA

The general criteria to be used by DOTD (when applicable) in evaluating responses for the selection of a Consultant to perform these services are:

1. Consultant's firm experience on similar projects, weighting factor of 3;
2. Consultant's personnel experience on similar projects, weighting factor of 4;
3. Consultant's firm size as related to the estimated project cost, weighting factor of 3; *
4. Consultant's past performance on similar DOTD projects, weighting factor of 6; **
5. Consultant's current work load with DOTD, weighting factor of 5;
6. Location where the work will be performed, weighting factor of 4;

* A firm with a ratio of 5 or greater as per the Departments Firm Size Chart will receive a rating of 2.

** The Location & Survey (SV/LS) performance rating will be used for this project.

Complexity Level (**Moderate**)

Consultants will be evaluated as indicated in Items 1- 6. The evaluation will be by means of a point-based rating system. Each of the above criteria will receive a rating on a scale of 0-4. The rating will then be multiplied by the corresponding weighting factor. The firm's rating in each category will then be added to arrive at the Consultant's final rating.

If Sub-Consultants are used the Prime Consultant must perform a minimum of 51% of the work for the overall project. Each member of the Consultant/Team will be evaluated on their part of the contract, proportional to the amount of their work. The individual team member ratings will then be added to arrive at the Consultant/Team rating.

Communication Protocol

DOTD's Project Evaluation Team will be responsible for performing the above described evaluation, and will present a short-list of the three (if three are qualified) highest rated Consultants to the Secretary of the DOTD. The Secretary will make the final selection. **Below are the proposed Team members. DOTD may substitute for any reason provided the members meet the requirements of R.S. 48:291.**

1. Alan Dale – Ex officio
2. Stanley Ard – Project Manager
3. Eric Lanier
4. Bart Rumsey
5. Joseph Arretteig
6. Keith Fournier

Rules of Contact (Title 48 Engineering and Related Services)

These rules are designed to promote a fair, unbiased, legally defensible selection process. The LA DOTD is the single source of information regarding the Contract selection. The following rules of contact will apply during the Contract selection process and will commence on the date of advertisement and cease at the contract execution of the selected firm. Contact includes face-to-face, telephone, facsimile, Electronic-mail (E-mail), or formal written communications. Any contact determined to be improper, at the sole discretion of the LA DOTD, may result in the rejection of the submittal (24-102):

- A. The Consultant shall correspond with the LA DOTD regarding this advertisement only through the LA DOTD Consultant Contracts Services Administrator;
- B. Neither the Consultant, nor any other party on behalf of the Consultant, shall contact any LA DOTD employees, including but not limited to, department heads; members of the evaluation teams; and any official who may participate in the decision to award the contract resulting from this advertisement except through the process identified above. Contact between Consultant organizations and LA DOTD employees is allowed during LA DOTD sponsored one-on-one meetings;

- C. Any communication determined to be improper, at the sole discretion of the LA DOTD, may result in the rejection of submittal, at the sole discretion of the LA DOTD;
- D. Any official information regarding the project will be disseminated from the LA DOTD'S designated representative on the LA DOTD website. Any official correspondence will be in writing;
- E. The LA DOTD will not be responsible for any verbal exchange or any other information or exchange that occurs outside the official process specified herein.

By submission of a response to this RFQ, the Consultant agrees to the communication protocol herein.

CONTRACT REQUIREMENTS

The selected Consultant will be required to execute the contract within 10 days after receipt of the contract.

INSURANCE - During the term of this contract, the Consultant will carry professional liability insurance in the amount of \$1,000,000. The Prime-Consultant may require the Sub-Consultant(s) to carry professional liability insurance. This insurance will be written on a "claims-made" basis. Prior to executing the contract, the Consultant will provide a Certificate of Insurance to DOTD showing evidence of such professional liability insurance.

AUDIT - The selected Consultant/Team will allow the DOTD Audit Section to perform an annual overhead audit of their books, or provide an *independent* Certified Public Accountant (CPA) audited overhead rate. This rate must be developed using Federal Acquisition Regulations (FAR) and guidelines provided by the DOTD Audit Section. In addition, the Consultant/Team will submit semi-annual labor rate information, when requested by DOTD.

The selected Consultant/Team will maintain an approved Project Cost System, and segregate direct from indirect cost in their General Ledger. Pre-award and post audits, as well as interim audits, may be required. For audit purposes, the selected Consultant/Team will maintain accounting records for a minimum of five years after final contract payment.

Any Consultant currently under contract with the DOTD and who failed to meet all the audit requirements documented in the manual and/or notices posted on the DOTD Consultant Contract Services Website (www.dotd.louisiana.gov), will not be considered for this project.

SUBMITTAL REQUIREMENTS

One original (**stamped "original"**) and **five** copies of the DOTD Form 24-102 must be submitted to DOTD. All submittals must be in accordance with the requirements of this advertisement and the Consultant Contract Services Manual. Any Consultant/Team failing to submit any of the information required on the 24-102, or providing inaccurate information on the 24-102, will be considered non-responsive.

Any Sub-Consultants to be used, including Disadvantaged Business Enterprises (DBE), in performance of this Contract, must also submit a 24-102, which is completely filled out and contains all information pertinent to the work to be performed.

The Sub-Consultant's 24-102 must be firmly bound to the Consultant's 24-102. In Section 8, the Consultant's 24-102 must describe the **work elements** to be performed by the Sub-Consultant(s), and state the approximate **percentage** of each work element to be subcontracted to each Sub-Consultant.

Name(s) of the Consultant/Team listed on the 24-102, must precisely match the name(s) filed with the Louisiana Secretary of State, Corporation Division, and the Louisiana State Board of Registration for Professional Engineers and Land Surveyors.

The DOTD Form 24-102 will be identified with **State Project No. H.004932.5**, and will be submitted **prior to 3:00 p.m. CST on Tuesday, January 29, 2013**, by hand delivery or mail, addressed to:
